2. Applications received by TSS after the agreed published date should also be made to the school on an IYAF, and will be processed in a similar way to an In Year entry.
3. Details of any statutory right of appeal will be provided by TSS.

v. Admission of students with EHCPs for Speech and Language or hearing impairments

1. A maximum of 30 places in total for Years 7 – 11 per year will be allocated to students with a statement for Specific Learning Difficulties – speech and language and hearing impaired who, in the opinion of Kent County Council and the School Governors, would benefit from the school provision.
2. Up to a maximum of 8 places in total for Years 7-11 will also be allocated to students who, in the opinion of the Kent County Council and the School Governors, would benefit from the school provision.

vi. Oversubscription

Before the application of oversubscription criteria, children with an EHCP which names the school will be admitted. As a result of this, the published admissions number will be reduced accordingly.

Medical, health, social and special access reasons will be applied in accordance with the school's legal obligations, in particular those under the Equality Act 2010. Priority will be given to those children whose mental or physical impairment means they have a demonstrable and significant need to attend a particular school. Equally, this priority will apply to children whose parents' /guardians', physical or mental health or social needs means that they have a demonstrable and significant need to attend a particular school. Such claims will need to be supported by written evidence from a suitably qualified medical or other practitioner who can demonstrate a special connection between these needs and the particular school.

Where applications for admission exceed 270, the following criteria will be applied, in the order set out below, to decide which children to admit:

1. Places will firstly be offered to children in Local Authority care. i.e. a child under the age of 18 years for whom the Local Authority provides accommodation by agreement with their parents or carers (Section 22 of the children act 1989) or who is the subject of a care order under Part IV of the Act. This applies equally to children who immediately after being looked after by the Local Authority became subject to an adoption, residence or special guardianship order (as defined by Section 46 of the Adoption and Children Act 2002 or Section 8 or 14A of the Children Act 1989).
2. Places will then be offered in the following order, using the criteria below:
 - a. A brother or sister attending the school when the child starts. In this context brother or sister means children who live as brother or sister in the same house, including natural brothers and sisters, adopted siblings, step-brothers or sisters and foster brothers and sisters.
 - b. Nearness of children's homes to school – we use the distance between the child's permanent home address and the school, measured in a straight line using Ordnance Survey address point data. Distances are measured from a point defined as within the child's home to a point defined as within the

school as specified by ordnance survey. The same address point on the school site is used for everybody.

A student's home address is considered to be a residential property that is the child's **only or main residence** and not an address at which your child might sometimes stay or sleep due to your own domestic or special arrangements. The address must be the student's home address on the day you completed your application form and which is either:

- Owned by the child's parent, parents or guardian, OR
- Leased to or rented by the child's parent, parents or guardian under a lease or written rental agreement.

If you live separately from your partner but share responsibility for your child, and the child lives at two different addresses during the week, we will regard the home address as the one at which the child sleeps for the majority of weekdays.

A block of flats has a single address point reference, so applicants living in the same block will be regarded as living the same distance away from the school. In the unlikely event that two or more children live in the same block and in all other ways have equal eligibility for the last available place at the school, the names will be issued a number and drawn randomly to decide which child should be given the place.

3. places will then be offered to any additional applications.

vii. **Waiting List**

Parents may ask to be kept on a waiting list.

viii. **Appeals Against the Decision not to Offer a Place at the School**

On the agreed published date parents will be notified by the Local Education Authority that they are being offered a place at the allocated school. This letter will give information about their statutory right of appeal.

2. Admission to the Sixth Form

Places will firstly be offered to children in Local Authority care. i.e. A child under the age of 18 years for whom the Local Authority provides accommodation by agreement with their parents/careers (Section 22 of the Children's Act 1989) or who is subject of a care order under Part IV of the Act.

Priority will be given to existing students transferring from Year 11. Students are admitted to the Sixth Form subject to the following:

1. a formal application by student and a student interview to determine the courses to be studied;
2. availability of a specific course or combination of courses;

3. minimum entry requirements for specific courses, as published on the school's website –
4. for Level 2 course: 5 GCSEs at grade 1 to 9
5. for A/S and A Levels: 5 GCSEs at grade 5/6 or above including English Language and Mathematics and at least a grade 5/6 at GCSE in the same or a related subject. Individual subject entry requirements also apply
6. for Vocational qualifications Level 3 courses: 5 GCSEs at grade 4/5 or above including English Language and Mathematics and at least a grade 5 at GCSE in the same or a related subject. Individual subject entry requirements also apply.

Please note that the Governors reserve the right to withdraw courses if there is insufficient student demand.

After a place has been offered, the school reserves the right to withdraw the place in the following circumstances:

4. when a parent/student has failed to respond to an offer within a reasonable time; or
5. when a parent/student has failed to notify the school of important changes to the application information; or
6. The admission authority offered the place on the basis of a fraudulent or intentionally misleading application from a parent.

3. In Year Admissions

Year 7 applications received after the agreed published date, together with applications for places in year groups other than the normal year of entry, will be treated as "In Year Admissions". If you would like to apply for admission to The Sittingbourne School in these circumstances, please complete a local authority In Year Admission Form (IYAF) and return it to the school. The IYAF is available online at: www.kent.gov.uk.

If a place is unavailable at the school, the child can be placed on our waiting list. Details of any statutory right of appeal will be provided by TSS at the time of the decision.

Applications Out-of-Chronological Age Group

In line with government advice that "*children should be educated in their normal age group, with the curriculum differentiated as appropriate, and that they should only be educated out of their normal age group in very limited circumstances*" our policy is to allocate within a child's chronological age group. In rare circumstances (e.g. the child has experienced problems such as ill health, or has had an interrupted education through residency abroad) it may be possible to make an application outside of this. This decision will always be made on the basis of the unique circumstances for each specific case and what is best for that individual child. The decision will be made by the Executive Headteacher of the school and will take into account the following:

- parents'/carers' views;
- expert advice from relevant social, educational and medical professionals;
- whether the child has previously been educated out of their normal age group;

- any evidence that the child may naturally have fallen into a lower age group if it were not for being born prematurely;
- the long-term impact of the decision on the child.

Applications for a child to be admitted to a year group outside of their chronological age group should be made through the same process set out in this policy for both 'normal round' and 'in-year' applications. However, in addition to the standard application form further documentation should be provided to support the request for a place out of the chronological year group. This applies regardless of whether it is for a higher or lower year group.

The Executive Headteacher may request additional information after the submission of an application for an out-of-year group place, if necessary.

Each application will be considered on the individual circumstances of each case. Applicants will be notified in writing of the decision, including the reasons for it.

Unsuccessful applicants have the right to appeal if they are refused a place at the school. However, this right does not apply if they are offered a place at the school which is not in their preferred age group.

4. Policy Review

This policy will be reviewed every year. This is so that it remains up to date, useful, and relevant. We will also regularly review it in accordance with local and national policy changes.
